Annex 1

Introduction:

Benoli Tech S.R.L., a Romanian legal entity, headquartered in Iași, Aleea Gheorghe Ivanescu, no. 9, fiscal code RO42984700, as a data controller, is sending you this Cookie Notice to explain how we process and protect personal data. Please read this Cookie Notice at the beginning of your interaction with our website. This website uses cookies. We use cookie files to personalize the content of the website. The data stored by the cookie files used on our website never show personal details upon which an individual identity could be established. By continuing to use our website, you agree to our cookies.

What is a cookie file and its purpose:

A cookie file is a small text file that is stored and/or read by your web browser on the hard drive or memory of the device you use (e.g., computer, laptop, or smartphone) depending on the websites you visit. Also, cookie files make your interaction with websites safer and faster, as they can remember your preferences (e.g., authentication data, language used), the stored information being read by the original website (first-party cookie) or by another website to which they belong (third-party cookie) when you revisit the website using the same device.

How you can control cookie files:

You can withdraw your consent regarding cookie files at any time. For this purpose, you can block or delete cookie files either through your web browser settings or by using software provided by third parties or by following specific instructions for cookie categories in the following sections. In any situation, there may be issues related to the use of certain parts of the website if you disable cookie files. If you wish to delete cookie files stored on your device and configure your web browser to reject cookie files, you can use the preference settings in your web browser. Usually, you can find cookie navigation settings in the "Options," "Tools," or "Preferences" menus of the web browser you use to access our website. Depending on the existing web browsers, various means can be used to disable cookie files. For more information, please visit your web browser's website:
• Internet Explorer Settings – Internet Explorer;
• Firefox Settings – Firefox;
• Chrome Settings – Chrome;
• Safari Settings – Safari;
• Edge Settings – Edge;
• Opera Settings – Opera.
To learn more about cookie files, please visit www.allaboutcookies.org, which provides additional information on behavioural advertising and online privacy.

Types of cookie files:

Based on the function and purpose for which cookie files are used, they are usually classified into the following categories:
• Absolutely necessary cookie files: allow you to navigate a website and use its basic functions. Usually, these are installed only in response to actions you take that amount to a service request. Legislation allows us to install cookie files of this type on your device if they are strictly necessary for the functioning of the website. For details regarding the cookies used in this category, please see the Detailed Description of Used Cookies section.
• Preference cookie files: used to recognize you when you return to our website and allow us to provide you with enhanced and personalized features, such as remembering your preferences. These cookie files collect anonymous information and cannot track your browsing

on other websites. For details regarding the cookies used in this category, please see the Detailed Description of Used Cookies section.

• Statistical and performance cookie files: allow us to recognize and count users and collect information about how the website is used (e.g., the pages a user opens most often and whether the user receives error messages from certain pages). This helps us improve how our website works, ensuring that you can easily find what you are looking for. For details regarding the cookies used in this category, please see the Detailed Description of Used Cookies section.

• Marketing and audience identification cookie files: record your visit to our website, the pages you have visited, and the links you have accessed. We use this information to provide you with relevant advertisements and interests. At the same time, these are used to limit how often you see an advertisement and to help measure the effectiveness of advertising campaigns. Also, for the same purpose, we may share this information with third parties (e.g., external service providers). For details regarding the cookies used in this category, please see the Detailed Description of Used Cookies section.

• Other types of cookie files: which may be used later. We will inform you by updating this notice if we use any other types of cookies.
